How to Use iPetitions
CMPS 80s, Spring 2011

Requirements
- You will need a valid email address and a password to register.

Instructions for Setting Up a Petition
- Go to http://www.ipetitions.com
- On the main page, click where it says “Click Here to Start a Petition”.
- Enter a petition URL name, title, and some blurb text.
- Click “Create” and you will land on a Congratulations page.
- Once registered, validate your account by clicking on the link sent by email.

What’s on Your iPetition
- People can sign your petition with name & email address.
- You can write blog articles.
- People can see who has signed your petition.
- People can email their friends about this petition.

Advanced Features
- Go to the main page (http://www.ipetitions.com) and click on “My Account” in upper right corner.
- Two sub-tabs show up: “My Account” and “My Petitions”.
- Your petitions show up in the “My Petitions” tab. Click on your new petition.
- Three sub-sub-tabs show up: “Petition”, “Blog”, and “View”.
- Click on the “Petition” tab. On the left you see various ways to: change info, change theme, add a security question, prevent duplicate signatures, etc. Once you have signatures, you can see statistics, see who signed, and download the signatures for printing out.
- Click on the “Blog” tab. You can add and edit blog articles from here.
- If you click on the “View” tab, this goes straight to your petition site.

Please visit change.org to view how iPetitions have been used to galvanize social change.
