Name ______________________

PSPICE Tutorial 3
(Chap 8–10)

• You only need to turn in three plots

1. Chapter 8
Page 133–135
Draw the circuit of figure 8.9, and run the transient simulation to generate the same graphs of figure 8.10.

2. Chapter 9
Page 145–147
Draw the circuit of figure 9.2, and run the transient simulation to generate the same waveforms of figure 9.4.

3. Chapter 10
Page 166
Draw the circuit of figure 10.12, and plot a graph of V(C1:1)-V(C1:2), V(R1:1)-V(R1:2), V(L1:1)-V(L1:2)
